

## BLESSING OF THE ANIMALS

OCTOBER 2, 2011

8 AM & 10 AM

### Calling all pets: live, stuffed or pictured!

Bring your human and come to our service as we celebrate St. Francis and the wonders of God's creation. There will be special treats for you and your human. Join us for this delightful service of fur, feathers, and fun!

Special note: For small creatures of all kinds cages are indeed welcome. Fish and those among us who might not take well to crowds may want to join us by proxy through a picture or drawing.

We have never had an accident in church but should the excitement be too much, equipment will be available for those speedy clean ups.

Whatever your species come for the time of your life
